This study investigated the effects of cyclosporin A (CyA) in a murine experimental autoimmune myasthenia gravis (EAMG) model. Cyclosporin A was given daily beginning 2 days before the immunization of mice with acetylcholine receptor (AChR) and complete Freund's adjuvant (CFA). The incidence and severity of EAMG were assessed every two days. Cyclosporin A decreased the severity of EAMG from a baseline value of 4.5 ± 0.6 to 2.9 ± 0.6 (p the dossiers of the Turkish journalists, who were at the center of a plot to topple Turkey's government. The former chief editor of Turkey's Akit newspaper, Mehmet Tarhan, died in prison on Oct. 19, 2015, after being held for three years on trumped-up charges. In a similar case, Turkey's Murat Sabuncu, who was imprisoned for more than six years, was acquitted on March 2 this year. However, Turkey's state security court and the government made no public statement, after the acquittal. "We cannot accept to witness such violations of law." Turkish senator Ayhan Sefer Çağlayan said about the prison sentences that were imposed. "The fact that these violations are so rare demonstrates a case of conspiracy among the highest ranks of the military and state officials." Çavuşoğlu asked the Turkish Justice Ministry to explain the meaning of the sentence that was imposed on Fahir Cengil, a reporter for the newspaper Zaman who was given a five-year prison sentence on Feb 82157476af
